

Dr. Thomas Degenhardt is a board-certified orthopaedic surgeon specializing in sports medicine, arthroscopic surgery and joint reconstruction of the knee, shoulder and hip. He is board certified by the American Board of Orthopedic Surgery.

Dr. Degenhardt completed his undergraduate education in history at the University of California, Berkeley before receiving his medical degree at the University of California, San Francisco. He then served an internship at San Francisco General Hospital and completed his residency in orthopedic surgery at UC San Francisco. He served a fellowship year in sports medicine at the Hughston Orthopedic Clinic. He also served for two years as a major in the United States Army as an orthopedic surgeon stationed in Landstuhl, West Germany.

Dr. Degenhardt is the team orthopedic surgeon for Sonoma State University and Montgomery High School and he has served as team physician for the United States Ski Team.

Dr. Degenhardt has presented at numerous professional symposiums, taught at continuing medical education courses for the Arthroscopic Association of North America and has published articles in numerous orthopedic journals.

Dr. Degenhardt has had extensive experience in complex reconstructive procedures of the knee and shoulder, including articular cartilage regeneration and transfer techniques, multiple ligament reconstructions and primary and revision knee replacement.

Dr. Degenhardt has treated athletes of all ages including college and professional athletes.

Dr. Degenhardt enjoys sports such as golf, skiing and mountaineering with his wife, Cynthia, and his two sons, Nick and Dan.
